

China Mould Manufacturer for Plastic Injection Molding

Basic Info

Model NO.: ABIS-308

Runner: Hot Runner

Design Software: UG

Installation: Fixed

Certification: ISO

Standard: HASCO

Customized: Customized

Trademark: ABIS or Custom

Transport Package: Exported Wooden Box, Fumigation Upon Required

Specification: According to your drawing

Origin: China

HS Code: 8522901000

Product Description

ABISMOLD Was established in 1996, located in Shenzhen City, which is famous for manufacturing industry in China. ABIS can provide one-stop solutions from product design, prototyping, mold making to injection molding and product assembly. HOWE can produce more than 200 sets of moulds annual covering many industries such as automotive, aerospace, electronics, household appliances, office supplies, fitness equipment, medical care and so on. We are particularly specialized in high-tech precision molds like 2K mold, gas-assisted mold, stack mold etc.
